On Friday, June 25, 2010, at 5:58, the gates to the G20 Summit security perimeter fence were closed.

The Integrated Security Unit's position has always been that the gates would be closed this evening, unless there were security reasons to justify an earlier closure.

The closure this afternoon was the direct result of specific security concerns.

Constable Wendy Drummond, Public Affairs & Communications Team, Integrated Security Unit for Superintendent Hugh Ferguson, Incident Commander, Toronto Police Service
